4 The agreements in question were executed in settlement of family disputes between the Nawab & the Khanzadas, and it seems useless to question the authority of the Nawab executing the agreements in the propriety of the terms thereof. The Khanzadas would appear from the agreements themselves that the Khanzadas enjoyed the privilege of claiming the services of the 4 servants from a time anterior to the date of agreements. They have also enjoyed the same privilege until now. It would therefore appear equitable that they should continue to enjoy it in the future.

2 The W.S. respectfully begs to submit that if the applicant's request were to be granted similar manyfold demands are sure to be made by other Khanjadas & Biradars. It is impossible for this State which has a very limited income to meet all such demands. and any such expenditure would embarass The Nawab when he assumes the management. The applicant has a monthly allowance of Rs 59.3. He now requests for a monthly stipend of Rs 16 for two of his sons i.e Rs 8 for each boy

The request is under all the circumstances mentioned above and the W.S. is therefore humbly of opinion that

it should not be granted.

2. The applicant has already been granted an interest of a loan of Rs 300 from the State at 6% percent per annum on the 1st of Safar 1316 Hijari i.e in February 1897 on the security of his hereditary monthly allowance of Rs 5-9-3. Out of this principal, Rs 182-6-2 are still due and the amount will be cleared off by the end of Rabilakhar 1321 Hijari i.e after 3 years more. If a further loan be granted as requested, it will take a very long time before the whole amount is cleared off.

3. The yadidar is reported to follow no profession for the purpose of earning his livelihood, unless he does so there seems no hope of his getting out of indebtedness. The A.S. is clearly of opinion that granting him any loan to discharge his debts incurred by living extravagantly & idly will in fact amount to encourage him indirectly to lead an idle life.

because
So long as their allowances are mortgaged to the State,
because
they will, without doing any work, go on contracting debts
with Sowkars in the hope of getting further loans from
the State on the security of allowances. If loans are
withheld in such cases they will, out of necessity, em-
ploy themselves in some way or other & thus earn
their livelihood.

4. The U. S. does not at all wish to be severe towards the applicant and the above report will not, it is hoped, be taken in that light. But he is sincerely desirous that the applicant should improve himself by giving up idleness &c.

5. If the applicant has been put to any loss at Basankop, it may not be great.

6. Under the circumstances mentioned, the U. S. is not at all inclined to recommend any further grant of loan to the applicant from the State.

(4) The U. S. would therefore respectfully sub-
mit that the applicants request for a loan may not
be granted.

The undersigned agrees with the Head Master in thinking that the scholarship should be retransferred to the A.V. School.

4) The applicants case is no doubt deserving. He has been favourably reported on by the Head Master of the Dharwar Highschool which he has joined. Rs4 are barely sufficient to maintain a boy at the Highschool. Very few Mahomedan boys from Savanur have joined a Highschool. As stated by the applicant his grandfather has done valuable services to the State. Sir,

I respectfully beg to bring to your notice the fact that of the five scholarships that have been granted to this school, one has been, as a special case, granted to Mahaboobkhan wd. Hussenkhan Sar now studying under Std. VII in the Govt. High School, Dharwar. I now hear that he has applied for an increased monthly help. I can have, of course, no objection to it, as he deserves it. But in case his request is granted & the scholarship of Rs 4/ per month, which he now enjoys, is converted into a greater monthly help, will the sanction of the Political Agt.

Dharwar, for only the difference,
there is every chance of the school losing
it altogether in course of time, especially
because the applicant has a mind to
prosecute his studies further after
passing the matriculation Examination,
in which case at least the same help
will, it is very probable, be continued
to him. I, therefore, beg to request
that you will be so good as to give
back the said scholarship to this
School & to obtain separate sanction
from the Political Agent, Dharwar,
for the whole help he has asked for.

Sur studying under Standard VII Matric in this School having failed to pass in the Preliminary Examination held in the beginning of October has not been sent up for the University Matriculation Examination. He was regular in attendance till the 17th October when the School was closed for the Dewali Holidays. His Conduct was good. His Scholarship may be continued a year more to enable him to study for the Matric with greater zeal.

I have the honour to be
Sir,
Your most obedt. Servant
B. Y. Jonathan
Head Master.

To,

The Diwan of Savanur.

Sir,

I the undersigned Mahboob Khan s/o Hussen-Khan am a Savanur scholar reading in the seventh Standard of the Dharwar High school. If you were kind enough to grant me a scholarship of Rs 4 from the State funds to prosecute my course and I am benefitted by it. But sorry, I am unable to provide myself with board, as out of Rs 4 Rs 3 go for school fee and Rs 1 for sundry school expenses. I am therefore obliged to trouble you with a further request so to increase the scholarship that I may defray out of it my board expenses.

How far my circumstances are entitled to

the kind considerations of the state which you have the honour to represent will be evident from the facts given below: ——

(1) My grandfather was the material uncle of the late Nawab Dalel-Khan the great and my father was the material uncle of the late Nawab Dalel-Khan.

(2) My grandfather was also Divan of the Savanur State. He brought many lands into the state of cultivation increased the state revenues and did many other acts of public good for the state, which it would be out of place to enumerate here in a petition like this. Suffice it to say that the big tank at Savanur and the aqueduct thereto are the monumentary evidence of his good services to the

state. He prepared the well known Savanur 'bags' by his own money which now yield to the state an annual income of something like Rs 10000 a year

(3) The Savanur state was kind enough to grant a scholarship of Rs 10 to some of the Savanur students who attended the Dharwar High school.

I therefore regret the favour of your kindly granting me a like substantial scholarship with due regard to my circumstances and claims and for this act of kindness I shall ever remember you as my benefactor.

I beg to remain,
Sir;
your most obedient servant,
Mahboob Khan. Hussen Khan
Seer.

No. 97 of 1903-1904

Dharwar High School

14th May 1903.

Forwarded with compliments to
the Diwan of Sawanur. The applicant's
request seems the Govt reasonable
as Rs 4 is too small a sum to maintain
a boy in a High School. Under-signed
would recommend that the amount
be at least doubled. The boy is
deserving of the support he asks.
& the State can well afford to
give it to one who is the descendant
of such a faithful servant
as the applicant's grandfather.

Forwarded to the Assistant Political Agent for favourable consideration.

2) The scholarship now held by the applicant belongs to the Anglo Vernacular School at Zanzibar & was awarded to him as a special case (Vide correspondence beginning with this office No 210 of 31-5-03 and

with the A.P. Agents no 339 of 28-6-03

3) The Head Master of the A.V. School Laxmanr objects, rightly, to the transfer of a Scholarship which was intended for his School, to the High School.

Copies of his letter nos 33/26-5-03 & 121/6-11-03 with accompaniment are enclosed

The undersigned agrees with the Hd. Master in thinking that the Scholarship should be retransferred to the A.V. School.

4) The applicant's case is no doubt deserving. He has been favourably reported on by the Headmaster of the Laxmanr High School which he has joined. Rs 4 are hardly sufficient to maintain a boy at the High School. Very few Mahomedan boys from Laxmanr have joined the High School as stated by the applicant & his grandfather

has done valuable services to the State. The undersigned would therefore respectfully recommend that a special scholarship of the value of Rs 8, as suggested by the Head Master of the Lakshmeswar High School, may be sanctioned

5) Should the proposal be sanctioned provision will be made for funds by reappropriation from some suitable head in the Budget.

Sir,

I respectfully beg to bring to your notice the fact that of the five scholarships that have been granted to the School, one has been, as a special case, granted to Mahaboobkhan wd Hussenkhan Sir now studying under std VII in the Government High school, Dharwar. I now hear that he has applied for an increased monthly help. I can have, of course, no objection to it as he deserves it. But in case his request is granted and the scholarship of Rs 4/- per month, which he now enjoys, is converted into a greater monthly help with the sanction of the Political Agent Dharwar, for only the difference, there is every chance of the School losing it altogether in course of time, especially.

especially because the applicant has a mind to prosecute his studies further after passing the Matriculation Examination, in which case at least the same help will, it is very probable, be continued to him. I, therefore, beg to request that you will be so good as to give back the said Scholarship to this School to obtain separate sanction from the Political Agent, Dharwar, for the whole help he has asked for.
